

Hello,

I would like to introduce myself as your local Total Learning Consultant.

My family has been touched by a young child with Aspergers, so in association with Autism Association, I would like to extend an offer to anyone who places an order of \$150.00 or more, I will donate 20% to Autism SA so they may continue to carry out their invaluable work.

So get together with family, friends and neighbors and build your own great library as well as assisting the lives of our young friends who need a helping hand. I would love to assist you with your needs for premium quality educational books and CD ROMs for your children, grandchildren, nieces, nephews or young friends.

If you fall in love with our products just like I did, or if you would like to earn extra income and products, you too can join and become a consultant.

If you would like to have a look at our catalogue of over 600 items or if you wish to speak with me about the above opportunities please feel free to contact me. I promise no pressure of any kind. My contact details are below and I would be more than happy to meet with you or call you to discuss your individual needs.

Thank you

Kim Shepherdson
