

Autism: an introduction

A workshop exploring the nature and characteristics of autism. During this session participants learn about the complexities of autism and how this impacts on individuals and their families. There will be opportunities to discover the characteristics of autism and to learn about practical strategies that can help individuals with behaviour, sensory difficulties and communication.

This is a three hour session offered on the following dates:
Autism Awareness Month Wednesday 21 April 9.30am-12.30pm

Monday 9 August 9.30am-12.30pm

Wednesday 17 November 9.30am-12.30pm

Venue: Autism SA, 262 Marion Road, Netley

Asperger syndrome: an introduction

Asperger syndrome is part of the autism spectrum. Participants will gain a good understanding of Asperger syndrome and will receive information about practical strategies to assist individuals and their families. The session examines the effects of Asperger Syndrome on an individual's social, communication, and behavioural development, and identifies the challenges that these individuals face.

This is a three hour session offered on the following dates:
