

MEETING THE UNIQUE NEEDS OF YOUR ORGANISATION, INSTITUTION OR COMMUNITY GROUP.

Autism SA has a range of experienced trainers and presenters who can tailor a unique learning experience for your organisation, institution or community group. Whether you are new to Autism Spectrum Disorders or are dealing with the complexities of supporting people with ASD to reach their potential, a package can be designed to meet your needs.

We can offer you:

- A 21st Century understanding of the concept of Autism Spectrum Disorder and how it affects individuals, families and communities
- Access to innovative ways of achieving success for individuals with behaviour, community access, stress and anxiety management, education, employment, inclusion, recreation and social development
- Insight into the autism spectrum through speakers who have autism or Asperger syndrome or are family members of someone with ASD (upon request)
- An interactive and experiential approach to learning that allows participants to explore and practice new concepts
- A complete audio-visual experience, support materials and adaptations for participants with learning support needs.
